

2016 IEEE 20th International Conference on Computer Supported Cooperative Work in Design (CSCWD 2016) May 4-6, 2016, Nanchang, China <http://2016.cscwd.org/>

Organized by

Nanchang University, China

Co-Sponsored by

IEEE SMC Society (pending approval)

CSCWD International Working Group

Committees

General Conference Chair

Prof. Xiaoping Liu, Canada

Conference Co-Chairs

Prof. Anne James (UK)

Prof. Jano de Souza (Brazil)

Prof. Amy Trappey (Taiwan)

Program Committee Chairs

Prof. Weiming Shen, Canada

Prof. Jean-Paul Barthès, France

Prof. Junzhou Luo, China

Prof. Chunsheng Yang, Canada

Workshop Chair

Prof. Jie Liu, Canada

Publication Chair

Prof. Chunsheng Yang, Canada

International Steering Committee

Chair

Prof. Jean-Paul Barthès (France)

Co-Chairs

Prof. Junzhou Luo (China)

Prof. Weiming Shen (Canada)

Secretary

Dr. Jianming Yong (Australia)

Members

Prof. Marcos Borges (Brazil)

Prof. Kuo-Ming Chao (UK)

Prof. Jano de Souza (Brazil)

Prof. Giancarlo Fortino (Italy)

Prof. Liang Gao (China)

Prof. Ning Gu (China)

Prof. Anne James (UK)

Prof. Peter Kropf (Switzerland)

Prof. Weidong Li (UK)

Prof. Xiaoping Liu (Canada)

Prof. Hwa Gyoo Park (Korea)

Prof. José A. Pino (Chile)

Prof. Amy Trappey (Taiwan)

Prof. Yun Yang (Australia)

Prof. Qinghua Zheng (China)

Scope of Conference

Design of complex artifacts and systems requires the cooperation of multidisciplinary design teams. The 2016 IEEE 20th International Conference on Computer Supported Cooperative Work in Design (CSCWD 2016) provides a forum for researchers and practitioners involved in different but related domains to confront research results and discuss key problems. The scope of CSCWD 2016 includes the research and development fields of collaboration technologies and their applications to the design of processes, products, systems, and services in industries and societies. Collaboration technologies include theories, methods, mechanisms, protocols, software tools, platforms, and services that support collaboration and coordination among people, software and hardware systems. Related fields of research include collaborative workflows, collaborative virtual environments, collaborative workspaces, collaborative wireless sensor networks, interoperability, ontology and semantics, security and privacy, as well as social aspects and human factors related to collaboration. Application domains include, but are not limited to, aerospace, automotive, manufacturing, logistics, transportation, power and energy, healthcare, infrastructure, administration, social networks, and entertainment.

Submission of Papers

Papers reporting original research results and experience are solicited. Each paper, written in English, is limited to 6 pages (IEEE proceedings format), including references and illustrations. Electronic submissions in PDF format are strongly recommended. Submission of a paper should be regarded as an undertaking that, should the paper be accepted, at least one of the authors will attend the conference to present the paper.

Submission Web Site: <https://easychair.org/conferences/?conf=cscwd2016>

Publication

All submitted papers will be reviewed by program committee members and selected based on their originality, significance, relevance, and clarity of presentation. Accepted papers will be published in the IEEE categorized conference proceedings and will be submitted for indexing to EI (Compendex), DBLP (<http://dblp.uni-trier.de/db/conf/cscwd/index.html>) and other indexing services. Authors of selected papers will be invited to submit revised and expanded version of their papers to be considered for publication in special issues of well-known international journals.
